

Not a Question of War In Hamlin, But a Problem Of Water! Water!

It is no disgrace to be without water, but it does show a punk attitude for a people not to try to have water when so much is going away near our homes every year.

Probably the government will assist Hamlin people in trying to get a larger water supply, but the people of Hamlin must first take enough interest in the Water Revenue Bond Issue to get out and vote what they want.

The proposed bond issue was launched with but a little time between the launching and the voting. Not much has been heard on the subject to this hour . . . and this hour is Thursday—before the election on Saturday.

The Herald has done most of the talking, but it has not been for the purpose of urging anyone to vote one way or another. We have tried to provoke an interest among the people and if the bond issue carries or if it fails, or if the proposed method of getting water succeeds or fails, the Herald Editor takes the same attitude as apparently the rest of the population. . . . don't blame us. But some will say, "What should we do?" We join all patriotic citizens in saying that it seems foolish not to vote for the water proposition. It is about the only thing one can do, if he DOES anything at all.

Some have ask, "Will Hamlin have water after the proposed damming of Dry California Creek, somewhere down the stream from Neinda?" The plain reply to that is, "that lots of water flows down that stream." Will the dam stop the water. Will the soil hold the water after it is stopped. Will the lay of the land enable enough water to be impounded to last any time. How many acres of land will be set aside for high-tide and how many roads will be covered . . . how deep will the average water be, outside of the creek channel? All such questions are for an engineer to answer. It might be ask, too, will the dam be such that it will stand the great flood of water coming rapidly down. Nobody can answer that except probably an engineer. But in all these questions of water, let it be remembered that engineers can be mistaken about water. Probably an old-timer, who has watched the water go away on that shallow-bedded creek has a better idea than the best of engineers.

Another question:—"What kind of water will it be?" It is presumed that the quality will be freer from gyp than it is west of Hamlin. Then if it is and can be kept from coming in contact with the gyp beds south of town, in bringing it to Hamlin, we may expect better water.

People in Hamlin have been disappointed so much about water till they are justified in being skeptical.

cal. Now lets take another view: Suppose there is about 1,100 acres of land covered with water, and soaks into the ground, maybe that condition would help out a "Well System." Hamlin City has already a "well acreage" about one mile below where the proposed dam will be located. The proposed lake will contain a vast amount of water and will cover a large area, and one may expect fifty per cent of it to evaporate, or "percolate." But if it will stop there Hamlin should be pretty well fixed for water.

There is but one thing to do. VOTE for the BONDS, and lets hope for the best. If plenty of water is available, and everybody who uses it will pay for it, then the rest is simple.

BAND SPONSORS MINSTREL SHOW TO-NIGHT

"Dixie Blackbird Minstrels," a four act minstrel show, sponsored by the Hamlin High School Band, will be presented from the high school auditorium stage, Friday night (September 30) at 8 o'clock.

Act I, is made up of 25 grade school children in a complete juvenile minstrel.

Act II, an adult minstrel with G. R. Bennett as master of ceremonies, Frank M. Lawlis, Dr. George Thurman, Pete Via and Auvis Andress as end men, Mrs. Rogers as Mrs. Echo, and a chorus of business and professional men, offers many hearty laughs.

Act III, has its setting in the law office of Attorney Alexander Butler (Fred Carpenter.) You will be amused at the manner in which the lawyer settles the marital difficulties of Mandy, a black May West (Mrs. Arlie Cassle), and her hen-pecked husband (Arice Jones).

No minstrel is complete without a wedding and a sermon. Mrs. Frank M. Lawlis and Weldon Johnson, as bride and groom, and Harold Bonner, as Brother Bevo with his text covering the whole of the Good Book, will keep you laughing throughout the final act.

Interspersed throughout the show are beautiful singing and dancing chorus girls, snappy songs, catchy steps, funny jokes and uniquely designed costumes.

You'll miss something if you miss it!

A PEP RALLY

On Thursday night, Sept. 22, at the City ball park, the pep squad staged the first real pep rally Hamlin has ever had. In preparation for the football game with Abilene, Friday afternoon, a large crowd gathered to engage in rousing yells and songs, led by the pep squad and band.

A large pile of wood, gathered by boys of the Freshman class and representing all the past failures of the Hamlin football team, was set off by coaches Smith and Grigg. While the fire crackled and burned low, short speeches were made by the coaches and by several of the boys on the team. Each of the four High School presidents were then introduced by Mr. Green, the master of ceremonies, followed by talks from Mr. Tom Teague, Mr. Bob Barrow, "Pinky" Holt, Miss Zelma Knight, pep squad leader, and Mr. Ollum, band director. Spirit ran high all through the rally and each speaker received a tremendous ovation. After singing "Hail, Hail, The Gang's All Here," the crowd went home to dream of "tomorrow's victory."

Arvin Morris, former Hamlin High School student, is attending an Academy in Pasadena, California. This young man reports success and enjoyment of school activities; but he still thinks of Hamlin friends.

War and Rumors of War

Perhaps it would be as well for the Herald not to say anything on the all-consuming subject that has gripped the world all this week.

For the radios, the telephones, the telegraph and the daily papers have filled the ears and eyes of the world with the impending monster "WAR." Late Thursday it does seem that there will be no European war, right now. And that saying "right now" is what is getting on the nerves of all nations of the world.

American people have been in a deep tension for days, and we are thousands of miles away from the troubled zone. Volumes could be published on the comparison of the American people and the poor creatures under the mouths of cannon, and in easy reach of poison gas. We are a fortunate people, for we apparently need no shell-proof cellars, no millions of gas masks are needed, no need to listen for the drone of the deadly airplane, for there is no spectre of death lowering over our land from a neighboring nation. Our nervous tension has been so

mild compared with our friends across the sea.

This week, an ignorant, heartless, blundering, bloody dictator has had the world "on his hip," breathing flames of hatred, firey anger, and lunatical threats to all who stand in his way. Really there are two such demons in the world, and this Thursday, the duly elected, chosen, cultured statesmen with hearts tender and kind toward humanity, must stand in the presence of those two dictators and beg for the lives of millions. When a big, bully begins to arm he means to use such on somebody, and that is why liberty-loving people should not hesitate to speak, to stand up and to fight to stop such dastards. O yes, there may be two sides to even the war question. But regaining independence after a defeat should not aim at a still wider world domination. It looks as if war will not come soon, lets hope never. But if it must come to stop a heartless dictator, the United States will not shirk its duty.

Jones County Farmers Get 699 Subsidy Checks

JONES CO. FARMERS RECEIVE FIRST SUBSIDY CHECKS

The Jones County Agricultural Conservation Association office received 699 Subsidy checks Thursday, September 22, 1938. These checks were payable on 359 applications and represented \$77,849.22. This amount represents about one-seventh of subsidy payment expected for the county and other subsidy checks should be received within a short time.

ASSOCIATION OFFICE IN NEW LOCATION

The Jones County Agricultural Conservation Association Office has moved into new quarters, located on the ground floor of the Anson State Bank Building. All farmers seeking information on the A. A. A. farm program will be able to contact the county officials in the new location.

1939 WHEAT ALLOTMENTS for Jones County farmers have been mailed out. 1939 wheat acreage allotment for 514 Jones County farms have been mailed out to the farm operators. The 1939 wheat allotment represents 39.44 per cent of the normal wheat acreage, which has been planted on the farm. A total soil-depleting acreage allotment will be established for each farm in 1939. Any acreage on the farm that is not represented by the wheat allotment and cotton allotment, acreage diverted from wheat and cotton, and normally idle and soil-conserving acreage, will be included in the general soil-depleting allotment for the farm.

A small grain mixture containing as much as 50 percent, by weight, of wheat will be classified as wheat in 1939, unless the mixture contains more than 25 percent, by weight, of rye, barley, vetch, or Austrian winter peas. Wheat will be checked on a planted acreage basis in 1939; therefore, producers wishing to plant wheat in excess of the allotment for feed purposes, plant a small grain mixture containing more than 25 percent, by weight, of rye or barley.

1938 COTTON LOANS NOW AVAILABLE

The cotton loan provisions of the 1938 Agricultural Conservation Program were brought into action a short time ago. The loan rates are based on length of staple and grade which range from 5.40 per pound on 13-16 inch yellow stained to 10.75 cents per pound of 1-8 inch and longer of white and extra white good middling and better. The loan rates most applicable to Jones County are 7.20 to 8.60 per pound depending upon the length of staple and grade of cotton.

Cooperators who received white marketing cards not marked "Penalty Secured" or "One Thousand

Pounds" or "Carry-over" will not have to obtain the approval of the Committee before obtaining a loan but will present their card to the leading agency as evidence of their eligibility. Cooperators who did not receive such a card will have to have loan forms executed by them, approved by the Committee. Approval is to be indicated by a member of the Committee or a person designated by the Committee signing the applicable certificate in the Loan Agreement.

Non-cooperators will be entitled to obtain loans at 60 percent of the rates applicable to cooperators on only that amount of cotton which, if marketed, would be subject to payment of penalty. Loans to such producers cannot be approved until the farm marketing quota has been finally apportioned to producers on the farm. In other words loans to a non-cooperator cannot be approved until the correct entry has been made in column (22) opposite the producer's name on Form (s) Cotton 254.

P.T.A WILL HOLD OPEN MEETING

A joint meeting of the Elementary and High School Parent-Teacher Association will be held Thursday night, October 6 at 7:30 o'clock at the High School building.

H. S. Fatherree, assistant superintendent of the Abilene public schools, will be the speaker for the evening.

Following the program a social hour will be held and refreshments served. All parents and friends interested in P. T. A. work are invited to be present.

HAMLIN MISSION NOTES

We open our Mission work Saturday night with a new line-up of workers. New pastor, new Bible school superintendent and teachers. More will be said in next weeks issue of The Hamlin Herald.

Dr. L. P. McCrory.

Robert S. Johnson was brought home Monday from the Stamford Hospital, following an operation for appendicitis on Sept. 17. He is recovering rapidly and should be out again soon. He is manager of the Farmers Co-op. Gin and also is concerned in a large number of cotton warehouses.

Mr. and Mrs. Fred Carpenter and son, Tommie, visited Mr. and Mrs. John Crabb in Sweetwater, Sunday.

Hamlin Oilers Let Dogies Get By With But 1 Score

OILERS PLAY LAST GAME SUNDAY

The Burk Burnett-Fairview Dogies bucked the Hamlin General Crude Oilers in Wichita last Sunday afternoon, and the Oilers lost allowing the Dogies to get but one score.

This game was one of the fastest of the season and the Oilers 29th game this season. Twenty-nine games and a loss of but 4 is a record hard to beat . . . 25 wins is not so bad—in fact it is a record few baseball teams can claim.

Hamlin fans have made a good team here this year by their grand support. General Crude, with the big smile of Fred Hulsey over all, and the big efficient Manager Weldon Griggs, plus the advertising Manager, Tom Vaughan, and a bunch of the fastest players this side of "Rackunsack" has developed

ed a reputation for fast and clean ball playing that is hard to match anywhere.

In the game last Sunday it seems that one Harrell formerly with the Cardinals was the bad boy of the gang from up on the Red River. Lets examine the box score and measure results

HAMLIN PIPERS PULL DOWN ABILENE B

There was much rejoicing late last Friday afternoon. The ring of cheerful voices, ranging from a mere six year old up to some of the grandpas saying "Hamlin won a ball game," and "we won over Abilene B. It was a victory worth crowing over. Abilene had sent over a huge aggregation of players, expecting to carry home "some bacon," or uncap the Little Pipers. A big rally had been held the night before and the boys were highly boosted, and when the fight started there was but one thing to do . . . carry that ball over the Abilene goal line, and then kick it where it would count some more.

At the sound of the gun and after the dust had cleared away and all casualties summed up, it was found that the Pied Pipers had a count of 7 to Abilene B, 0 (nothing). It was not a conference game but meant as much to the morale and maybe more than if the Pipers had won over . . . well, say Stamford.

Abilene B had learned that the Pipers had lost to Rotan, had lost to Aspermont in "practice games," and certainly Abilene B could do as well or better. They were shocked and stunned at the pugnaciousness shown by the Pipers.

The 1938 Pipers have some of the fastest, spunkiest, tightest little huskies ever to prance out on Hamlin's "Daylight-dusty Field." Why those Abilene B's did not even know what it was all about till they got home, washed off the dust and figured up how much skin they lost to the Pied Pipers.

Hamlin Pipers have a lot of praise coming to them this term if they will keep up their spirit of fight, shown in the Abilene B game last Friday. People do not expect to win everything, and no team should do that, but it takes a little winning to bring out the fans, the rooters and the dollars. Hamlin Pipers have a lot of things the other gangs do not have, and it may not be so pleasant but what somebody else has on their home field may not be found in Hamlin, so all the Pipers have to do when they have "company" is to pour it on them. Drown them if you can, Pipers, its broad open daylight and they may revive ere long. Then when Ye Pipers go "abroad" all you got to do is to show them how easy it is under the bright lights, on a green field.

If we read the schedule correctly, next Friday, Oct. 7, Hamlin will take on Albany, in the Piper's first conference game. The year really starts then. Hamlin gets this game and Hamlin people are going to come out and back up the Pipers, and heres to our boys for a conference victory . . . the Pipers have it from the stars that they will win over Albany in Hamlin Oct. 7.

THE LAST GAME IS SUNDAY

The Wichita Falls Cats, winners of the Oil Belt League, are coming to Hamlin, Sunday, October 2. Hamlin fans should avail themselves of this game as it is announced to be the last of the season. Here is what Griggs says about that game, and Griggs knows.

Hamlin played 29 games, won 25, lost 4. Ft. Worth Cats 1; Sweetwater 2, Burk. 1.

"Will play 30th and last game of season at Hamlin, against Wichita Cats, winner of Oil Belt League, which include Vernon, Iowa Park, Burk, Electra, Phillips 66 Oil Co.,

"The Cats have as their pride and joy, one "Chester" Lewis, who has been a consistent winner this year, as well as entertaining the fans while not on the mound.

"Come out and look them over for the last time.

"Your support has kept them up and going, Mr. Fan."

SINGERS COMING AGAIN

Dr. L. P. McCrory announces that the Anson Pope Trio will again sing in Hamlin at the Mission building this Saturday night and Sunday. A cordial invitation is extended to everyone.

Mrs. David White, of Antlers, Oklahoma, and her daughter, Mrs. George Shelton, of Midland, were here Sunday to visit Mrs. John T. Day and incidentally to see other old time friends. Mrs. White had recently visited her son Y. C. White and his family in Coolidge, Arizona. The White family were pioneer citizens of Hamlin and a host of people here esteem them highly. The late Dr. David White was a prominent physician and he and his wife had much to do with the building of the cultural and business life of Hamlin in the early days.

C. S. Low is again at home after "galavanting" about over a lot of Texas the last three weeks. He says he had a dandy time while in Fort Worth, Dublin, Eastland, where he either visited relatives or old time friends. All he had to complain about was that they fed him too much. You readers will recall that years ago Mr. Low would advertise, "Pasture for stock," plenty of water and a good place to wallow." He kept his pastures full of stock too.

NIGHTWATCHMAN BACK AFTER OPERATION

After an absence of three weeks, Elmer Brewer is back home following an operation in the Abilene Hospital. He was not in the hospital all that time, but he took his recovery period to visit relatives and friends. He is feeling much better and will soon resume his duties.

LIONS ENTERTAIN LADIES TUES. NIGHT

An outstanding social event occurred in Hamlin Tuesday night at 7:45 o'clock when the Lions honored their ladies in a gala entertainment. The Abilene Lions Club leaped in on the Hamlin Lions and surprised them with an outstanding array of musical numbers, the like of which kept the entire attendance in an hilarious mirth throughout the evening. The group from Abilene were Judge and Mrs. E. T. Brooks, Mr. and Mrs. W. S. Pope Sr., Mr. and Mrs. Emmett M. Landers, of Hardin-Simmons University, Dave Barrow, Lion President C. A. Adams and Mrs. C. E. Adams, Jack Krauss, Jack Dean, and C. Grant. Judge Brooks was the main speaker with a splendid address on Fellowship.

From Anson came the District Governor Omar T. Burleson, and Mrs. Burleson, also Mr. and Mrs. B. L. Jones, and Mildred Farnsworth.

From McCaulley, Miss Hettie Logan Clay, and Miss Cleo Crabtree.

From Hamlin, Mr. and Mrs. John C. Turner, and Weldon Johnson.

An outstanding stunt was in the initiation of four Lioness Cubs, Lioness George Thurman, Arice Jones, Jay Fitzgerald, and Frank Lawlis. These four Lionesses were given the opportunity of being on the other end of a baby milk bottle filled with milk. The first to consume the contents was Lioness Fern Arice Jones. She was awarded a beautiful box of candy which was significant of her aptitude and ability to do a job better. All cubs enjoyed the stunt to the utmost and were happy over its outcome.

A number of the Lions appealed to their fellow members to help them over a very trying experience which is occurring in Hamlin at the present time. These Lions have always been in every play or opera, generally speaking, given in Hamlin, Texas, and they poured out their

YOW! WHY DOESN'T POP GET A RUUD GAS WATER HEATER

—WITH A MONEL TANK?

Now Enjoy

CLEAN AUTOMATIC HOT WATER

From a Rust Proof Tank Guaranteed 20 Years

RUST...that destructive enemy of metal...eats the very heart (the tank) out of many water heaters in certain localities within a few years. Its ravages have been costly. It dirties and discolors the home's hot water supply. It cripples the efficiency of a heater. It sends each year thousands of otherwise good water heaters to the junk heap.

But no more will rust cause such widespread damage to automatic gas water heaters because Ruud now equips its newest model with tank of silvery MONEL—the metal developed by science to resist rust!

For twenty years of clean hot water service automatically controlled go modern with Ruud. See them today!

TWENTY YEAR GUARANTEE

The Monel tank in these automatic gas water heaters is guaranteed by the manufacturer, Ruud, in writing against rust and corrosion for twenty (20) years. Monel is a solid, rust-proof metal clear through. It is not coated, plated or lined.

Go Modern with RUUD

With trade-in allowance on your old heater and monthly payment plan automatic hot water service was never easier to own.

SENIORS IN ACTION

The Seniors of Hamlin High School met Wednesday, September 28, for the purpose of selecting a class mother and a class father and discussing plans for the year's work. The meeting opened with a peppy senior class yell, led by three members of our class, Zelma Knight, Geneva George and Peggy Rogers, pep leaders for the Hamlin High School Pep Squad.

Mrs. W. R. Calhoun was selected as mother of the senior class for 1938-39. She will be assisted by Mrs. Ubben and Mrs. R. Y. Barrow. We feel that with these three mothers to help guide our class, we will have a splendid senior program this year.

Mr. R. G. (Ralph) Riddle was selected as class father, and we believe that in getting him, we have one who will boost and help us in all of our undertakings.

We have chosen as our class colors royal blue and gold.

Also at this meeting, plans were made for the first class entertainment picnic at the Aspermont river bridge, Thursday night.

STITCH AND CHATTER CLUB OPENS WITH LUNCHEON

Mrs. Tom Teague was the charming hostess for the opening luncheon of the Stitch and Chatter Club at 1:00 o'clock Thursday afternoon. A delicious buffet luncheon was served from the attractively laid dining room table. From here the

guests found their places at bridge tables, laid with maderia cloths and centered with bud vases, holding gorgeous pink rose buds. The place cards were unique bits of rhyme expressing the hostess' opinion of the respective guests. Much merriment was engaged in while looking for the bit of verse describing each guest present.

The menu consisted of fried chicken with gravy, green beans,

ROTAN JUSTLY PROUD OF HOSPITAL

Rotan, Texas, Sept. 30.—The Callan Hospital will be opened to the public Saturday and Sunday, Oct. 1 and 2, and the people of Hamlin and vicinity are invited to visit the hospital on one of these days.

The Callan Hospital in Rotan is just being completed, the last of the furniture being moved in this week. It is equipped for all kinds of medical and surgical work, with Dr. Chester U. Callan and Dr. Robert T. Wilkinson in charge.

The building is of native dark stone two stories, and built on the side of a hill at the highest point in Rotan. The hillside location permits ground level entrances to both floors.

S. S. CLASS ENTERTAINED WITH A PICNIC

The recently organized class of Intermediate Senior boys, in the Nazarene Church were entertained with a picnic on the afternoon of Saturday, Sept. 24. The teacher, Pearl Morris, was assisted by Mrs. Claud Harmon, Beulah Myrl Evans and Leta B. White. Among the class members present were: President, Gilbert Bowman; Secretary, Othel Murphree and Song Leader, Billy Bowman who led the group in a favorite old hymn, "At The Battle's Front." This class of fine christian soldiers has a good start and is well on the road to victory.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

Many of us live expensively to impress our friends who live expensively to impress us.

M'CAULLEY MATTERS

By JOHN P. HARDESTY

Miss Ruby Hennington is in the Stamford Sanitarium where she underwent an operation last Saturday for appendicitis. Late reports are that she is doing nicely.

Miss Odell Abbott is also a patient in the Stamford hospital. She had an operation, Monday. Good report comes from her also.

Mr. and Mrs. W. B. Mayo had as their Sunday guests, Mr. J. A. Cooper of Lovington, New Mexico and Mr. and Mrs. O. C. Cooper, of Sweetwater also their daughter, Bonnie Joyce Cooper. The Coopers are cousins of Mrs. Mayo.

The D. L. Smiths, accompanied by Mr. Smith's mother of Abilene, were week-end visitors with relatives in San Antonio.

Mr. and Mrs. B. F. Short visited their parents at Gorman and DeLeon, Sunday.

Mr. and Mrs. W. E. Martin and daughter, Welcome, of Big Spring, visited the Hardestys, Saturday and Sunday and attended church worship at the Baptist church.

Mrs. Willie Fancher returned home from the hospital in Stamford last week, where she underwent a successful operation for appendicitis.

Prof. and Mrs. W. A. Stephenson and daughter, Etta Jane and Mrs. G. C. Glass, all of Abilene, were Sunday visitors with Mrs. W. H. Stephenson.

The "type" last week made me say that Mr. Bradford was a visitor with the Maberry and Kean families—it should have read BEDFORD. He lives at Iowa Park.

Mrs. Ollie H. Kean, who spent the past year with a daughter in Farmington, New Mexico, came Saturday to spend some time with her son, W. C. Kean and family here. Mrs. Kean is not a stranger here for she spent a year in our community formerly. Her many friends welcome her back.

Mrs. Edith Miers of Ovalo visited relatives and friends here last week-end.

Betty Jo Abbott, student in Mc-

Murry college was at home with her parents, Mr. and Mrs. Ted Abbott, Saturday and Sunday.

Cliff Crowley who had a mastoid operation last week is convalescing in the Stamford Hospital.

MISS NUPHALIA BATES BECOMES BRIDE OF WENDELL STEPHENSON

Miss Nuphalia Bates and Wendell Stephenson were united in marriage Wednesday, Sept. 21.

Mrs. Stephenson is a daughter of Mr. and Mrs. Will Bates who live near Roby.

Mr. Stephenson is a step-son of D. B. Scott who lives 11 miles west of Hamlin. He and his bride left Tuesday for Bakerville, California, where he has been making his home for the past year.

Poorly Nourished Women— They Just Can't Hold Up

Are you getting proper nourishment from your food, and restful sleep?

A poorly nourished body just can't hold up. And as for that run-down feeling, that nervous fatigue,—don't neglect it!

Cardul, for lack of appetite, poor digestion and nervous fatigue, has been recommended by mothers to daughters—women to women—for over fifty years.

Try it! Thousands of women testify Cardul helped them. Of course, if it does not benefit YOU, consult a physician.

Mrs. O. W. Rush and daughters, Ohera and Nynona and Mrs. W. V. Huling and daughters, Marie, Mary Dena and Vannie Bea visited in the home of Mr. and Mrs. H. M. Phillip in Stamford, Sunday.
